## HITCHING POSTS TO BE OR NOT TO BE

The hitching post problem was up at council for discussion on Thursday last and when the talking was over the question was in the same position as the defenders of empire find themselves occasionally when on drill, "as you were." Be it known that previous councils have talked hitching posts and this year's body has had two stunts at dealing with it. It is a more difficult problem to solve than one would imagine at first glance. There are two or three sides to it. There are the farmers to consider and their convenience, the objections of townspeople especially ladies who are afraid of horses and some who object to what might be scientifically termed "these soldiers" as the noble equine reaches its hind over the post and dribbles on the unsavory peeing power. Then there are the feelings of the merchants to consider and last of all that indelible touch who never say anything and by all appearances do not care. The farmers are the big consideration however. The council is anxious to make it as pleasant and easy as possible for the farmer to do business in Claresholm and if he wants the hitching posts in front of the stores why it would not be wise for the council to take too hasty action in the matter. Indeed if the merchant would only move the posts back a foot or so, and erect nicely painted ones and have them all the same style from one end of the street to the other the question might settle itself and save the civic legislators the worry. Some moons ago councillor Rioux was asked to see the merchants and generally test public opinion and report a scheme to council. Now councillor Rioux isn't a shirker of responsibility by any means but his duties as councillor posts he doesn't seem to rise to the occasion and when the question was raised he wasn't in a position to make a definite recommendation. However council discussed it pro and con without a motion until Councillor James made a stab at it by moving that the clerk be instructed to ascertain the rental required from the Smith estate for the vacant land formerly used by Moffatt and Sons for a piling grounds and lately ornamented with an open air risk in the winter. No one seconded the motion but the talk proceeded and there seemed to be uncertainty as to

the legal standing of the town should the fence take a round out of its neighborhood and damage result. It transpired that there is a by-law which prohibits hitching posts but seems to be one of the laws read about in fiction made no longer in the breach rather than the observance. The whole issue resolved itself into what one of the councillors said was "hard nut to crack" and there being no second for Mr. James' motion the discussion ended with referring the question to the local improvement committee to report on.

The license proposed to be imposed on real estate dealers and restaurant keepers was not dealt with as the solicitor had not had time to prepare the by law but promised it for next meeting. An interesting discussion took place on the proposed agreement drawn up by C.P.R. officials in reference to the opening of Fourth Avenue and the closing of Sixth and the crossing on extra street. The C.P.R. apparently drew up a rather one sided agreement whereas the solicitor thought it should be an even swap. The company proposed making the town responsible for the Fourth Avenue crossing especially for accidents, and as that looked like shifting moral as well as legal responsibility, Mr. Hartman demurred. The company in the agreement, promise to erect a station of brick or stone costing at least \$15,000. The solicitor will send back the agreement revised somewhat and there is no doubt the company will meet the town on the matter. Supt. Urea wrote regretting that there was no appropriation for fixing the park this year but he thought it better to defer action until the new situation built.

The water committee reported that John Breckenridge had been here and taken a drive over the route of the water line. He located a number of leaks and promised to have men here to fix them in a few days. The fire committee reported stopping work on an addition to the G.T.P. restaurant because a permit had not been obtained and the provision of the by-law regulating the class of buildings had not been observed. Councillor Rioux presided and others present were Messrs. Holmes, James, Bowen and Hutton.

### The 1911 Taxation

### Roos-Bevan

What will the tax rate for 1911 be? At the council meeting of the other night Mr. Holmes, as chairman of the finance committee, submitted an approximate estimate for the year's revenue and expenditure. It was as follows:—

Expenditures	
Debt service interest and reduction	\$12,000.00
Salaries	8,110.00
School	8,300.00
Bank interest	700.00
Police salaries	1,200.00
Power house maintenance	2,500.00
Incidentals	2,500.00
	\$36,710.00

### Revenues

Water	4,000.00
Light	4,500.00
Rural taxes	2,400.00
Licenses, fines and dog taxes	1,900.00
Frontage taxes	700.00
	\$14,900.00

This leaves practically \$21,800.00 to raise by general taxation. On the basis of an assessment of \$1,500,000 the rates should be about eighteen mills.

### U.F.A. Notice

Members of the Fire-Mile branch of the U.F.A. are notified that special arrangements have been made with O. L. Reinecke, Claresholm Pharmacy, for a supply of syringes for poisoning cypophers. Members wishing a supply will be consulting their own interests by applying to Mr. Reinecke.

Signed, H. G. Ahern, secretary.

An event of considerable interest to all, and especially the ladies, took place at Chester, Montana on Thursday April 20th when Mr. J. S. Roos, manager at Claresholm for the government telephone service was wedded to Miss Luella Bevan daughter of Mr. and Mrs. J. E. Bevan, formerly of this town. The ceremony took place at the home of the bride's parents the officiating clergyman being Rev. F. C. Nelson of Shelby, Montana. The bride who was most becomingly gowned in a travelling suit of white serge, was given away by her father. The bridesmaid was Miss Rochester of Chester while Mr. Ed. Bevan performed similar duties for the groom. After the wedding dinner and congratulations the happy young couple left for Claresholm, arriving here Friday morning and have since been showered with congratulations. Mr. and Mrs. Roos have taken a house on Second avenue south. On Friday evening they were surrounded by the band of which Mr. Roos is a popular member. Miss Bevan enjoyed the friendship of a host of friends here and the groom also being popular the congratulations are unusually hearty. That Mr. and Mrs. Roos may enjoy life and prosperity is the wish of everyone.

### Barons

We regret to report the death of Mrs. Thelma Elizabeth Kelly aged three months, which took place on Monday evening. The sympathy of the town is extended to Mr. and Mrs. Kelly in their bereavement. Rev. J. W. Milford conducted the funeral service at the residence of Mr. Kelly on Wednesday at 12:30 p.m. Afterwards the relatives and friends walked to the depot and the funeral party took train for Lethbridge where the interment took place.

Chris Hansen has been appointed secretary of the school district here. The school board are figuring on building a large school house here this summer.

Mr. J. Bromley has left town and taken up his residence in Edmonton, where he has secured a position in a real estate office.

M. J. MacAlpine and J. Mitchell were visitors at Lethbridge this week.

H. E. Hansen has gone for a week's visit to Calgary.

The Board of Trade have just completed the purchase of a piece of land to the north of town which is to be opened up as a public road as soon as possible.

## BABIES WHO SUFFER

The little ones who suffer from constipation, colic, indigestion, or any of the many ills that afflict children, will find prompt relief in Baby's Own Tablets—a medicine that is guaranteed absolutely safe and free from all injurious drugs—in fact the only medicine for babies sold under the guarantee of a government and able to contain no opiate, narcotic or other "soothing" stuff. Concerning them, Mrs. Ernest Plamondon, St. John Station, Que., writes: "It is a pleasure for me to let you know that your Baby's Own Tablets have done for my children. My baby suffered from constipation and colic, although we had a doctor there who gave him Baby's Own Tablets, but since then he is enjoying good health. ## WHAT WILL THE BABY BE?

Superstition Which Various Nations Use to Safeguard Their Young.

Most of us are superstitious upon at least one point, and mothers are particularly so with respect to their children. It is still considered a necessity in many parts of England that a child, when first leaving the mother's room, should go upstairs before going down. It frequently happens that the room of the mother is the highest in the house. When such is the case the difficulty is met by the nurse setting a chair and stepping upon it before she leaves the room.

There are numerous other superstitions. Prosperity and long life are assured to the baby in whose hand a silver coin or a new-laid egg is placed, and the same good luck will be the lot of the infant if it is placed in a maiden's arms before anyone else touches it.

The baby should on no account make its first public appearance out of doors unless it is accompanied by a small loaf of bread, an egg, some salt and money. If this precaution is omitted the grown-up career of the child will be one of poverty and distress. The baby that cries lustily during the christening ceremony is assured to have good luck.

The Spaniards also believe in dressing the baby's walk in life as once. To do this they place a silver coin, a silver cross, a sword, a book and a small fruit in front of him and let him make his choice. If he takes the coin he will be a miser; if the sword, he will be a soldier; if the book, he will be a scholar; if the fruit, a farmer. They also believe that a hand of gold or silver will keep him from harm.

The Jews put a piece of mud, upon baby's forehead, believing that it will keep him from evil. The Hindus declare that the child must be called after the name of a god, then will the deity protect him at the frequent use of his name and be induced to think well of the child. The Arabians name the child as soon as it is born, and then the mother will honor it. The Christians string amulets and necklets around baby's neck, as then the baby will not touch him.

The Belgians teach their babies to make the sign of the cross, and believe that this will certainly outdo the devil.

France a Marvel of Thrift. The thrift of France is wonderful. It has been the nation to bear the enormous losses of the Franco-Prussian war, including the payment of 5,000,000,000 francs as war indemnity, with no demoralization of trade or industry and the total number of all savings accounts reaches 12,000,000. One of 10,000,000 francs, or 100,000,000 francs have money in the bank or invested at interest or own land.

## Clareholm Review.

ESTABLISHED 1904.

Printed and published weekly  
at Clareholm, Alta.

No. 10 per mo.

W. T. QUAYLE, Editor.

It certainly looks like a banner year for the Clareholm district.

Every blade of winter wheat is as green and full of promise as it well could be.

The farmer with a flock these days is as scarce as butterflies in February.

Of course everyone had to scratch his head in figuring out the finances but the months are wearing away and soon the sound of the farmer whistling as he views the growing crops will be heard in the land.

Don't forget that the Clareholm district is one of the best in Canada and please say so when you are talking or writing about it.

The men who knock the town in which he lives is poor sickness. Avoid him as you would the pestilence. Knockers are a mild in a progressive country.

Sure it's possible to be too optimistic but it is better to run the chance than to grow into a grouser.

Who knows, maybe it will be a 40 bushel to the acre crop this year. It is beginning to look like it. Brace my Hanna, you will get a new bonnet in the Fall.

Wheat this year, next year wheat and more of it, and also sugar beets, chickens, eggs, and dairy cattle. Is coming. Are you getting the vision yet?

The shortness has had a glorious day. The beef animal has been supreme. Let him remain but he needs company. Bring in the dairy cow.

Ten years of a guarantee of five dollars a ton for fourteen per cent sucrose means good money in beet raising. Don't hesitate farmers, sign for a fair acreage. It will do you good, the land good, and all the rest of us good.

The farmers are beginning to realize that Clareholm business men are anxious to make it as pleasant as possible for them to trade here. The town needs the farmer and the farmer needs the town. Where interests are mutual it is a good thing to give and take and treat along together pleasantly.

## Public Notice

All parties guilty of concealing the fact of monition of their house-hold being attacked with measles, or other contagious disease, without notifying the family physician, or the medical health officer, will be summarily dealt with. The health act provides severe punishment upon conviction and the law will be enforced with vigor. Parents and others should not stand that easily in quarantine trade in the spreading of the illness and that society is a serious offense under the ordinance.

C. R. Lehm,  
Medical Health Officer.

## Final Notice

Owing to so many delinquencies in the matter of paying to the clearing of yards and lanes, the Health Committee of the town of Clareholm has decided to take opportunity for compelling with the notice and finally May 1st. After that date of failure will be prosecuted without further notice.

Signed, Health Committee,

## The Oddfellows Celebrate

The celebration of the 92nd anniversary of the Independent Order of Oddfellows was observed in Clareholm by a church parade which was well attended and quite a number of the brethren were missing at that. There were but twelve visitors in line. The brethren met at the hall at 2:30 o'clock and marched to St. John's Church where an impressive service was held. Rev. E. Cox, Clerk of Calgary officiating. Mr. Clarke is an enthusiastic Oddfellow and proudly wears a veteran's jewel. He joined the order in Wingham, Ontario 15 years ago and still retains his connection with the mother lodge. Mr. Clarke in his sermon spoke on a text from James. Pure religion and undefiled before God and the Father is to visit the widow and the children in their affliction and to keep oneself unspotted from the world. During his remarks he paid eloquent tribute to the virtues of Oddfellowship and quoted statistics showing the great numerical strength of the order and the vast amount spent in relief. On returning to the hall the lodge met informally and a resolution was passed expressing appreciation of Mr. Clarke's services and also of the kindness of Rev. Mr. Wilkinson and the officials of St. John's church in placing the service at the disposal of the order. A number of the visiting brethren were called on and extended fraternal greetings. Mr. Clarke told of many instances which came under his notice where men had been lifted up from almost despair and made into good citizens through the kindly ministrations of members of the order. Next Monday night a social time will be enjoyed in further commemoration of the anniversary. It was deferred a week owing to the concert in the hall this Monday night which the brethren did not wish to interfere with.

## Bought Wilton Tobacco Stand

The announcement is made this week that Mr. R. W. Watson has bought the tobacco business from Cote and Bell of the Wilton Hotel and in future will devote the greater share of his attention to building up this business. Mr. Watson has many friends by his affable disposition and courteous treatment of the public and there is no doubt that he will make the business a big success. Mr. Watson has ordered a new case of modern design and it will have all the facilities for keeping cigars and tobacco moist, and retaining the fragrance so necessary to an enjoyable smoke. He has also a tobacco cutting machine which grinds up a plug in about two seconds and constitutes a great convenience to the man who prefers plug smoking. Mr. Watson says he is going to keep the highest grade stock purchased here and feels sure the smoking public will appreciate the opportunity of getting the best and what they are paying for. He will carry a line of small and similar essentials to a stock of the public and hopes by stocking with what the public wants, to merit a generous share of the patronage. It is an advantage to a smoker to buy stock properly preserved instead of that exposed to the air and dust of store shelves he has the satisfaction of knowing that the trade will go his way. Mr. Watson says that he has a large line of pipes and can sell a high class pipe for less money than any dealer in town. All he asks is that you call on him for the pipes and pipes, in general that this is not an advertisement. Clareholm is big enough and there are enough smokers here to make a modest tobacco stand pay for itself. Mr. Watson will carry a stock of that mark. The stand will continue in the rooms of the Wilton Hotel. It is easy access as a store and has the added attraction of a stock properly selected and properly kept. We have made arrangements with one of the best expert pipe repairers in Wingham to repair any pipes sent in. We have pleasure in announcing that this part of the business will be carried on for the convenience of customers without a cent of profit to us. We will not charge a cent but actual maintenance. This is a bonus for the convenience of customers. If you have a pipe which you think a lot of and it is out of commission bring it in. We will do the work (Advt.)

## Chiefly Clareholm

Mrs. D. A. McKinnon of Meadow  
Creek returned this week from a trip  
to Calgary.

Carl Milnes returned to Edmonton  
on Saturday for the re-opening of  
Alberta College on Monday.

Mr. Cyril Hardwick of Quenston,  
Alta., was in town this week accom-  
panied by his brother C. D. of Lyn-  
don.

Miss Susie Sharples of the Sacred  
Heart Convent, Calgary, spent Easter  
with her mother Mrs. Sharples.

WANTED: A general servant to  
go to Banff, must be a good cook,  
highest wages paid. Apply to Mrs.  
Sharples.

Master Allan Sharples, who is at-  
tending school at Banff, spent Easter  
holidays with his mother,  
Mrs. Sharples at Windsor Ranch.

Mr. J. F. De Forest of Meadow  
Creek was in town Monday. He  
says things are looking well in the  
Hills.

There was an enjoyable program  
presented at the last meeting of the  
Five Mile U.F.A. The interest in  
the meetings is being well sustained  
and the providing of a program for  
alternate meetings is having splendid  
results.

A careful estimate of the seeding  
this shows that it is at least  
seventy five per cent sown. Another  
week will see the work well com-  
pleted. The country never looked  
better and if the rain comes soon  
every one will give the weather man  
three hearty cheers.

Miss Gladys Lewis of Calgary  
arrived last week to spend some time  
on the farm here. Miss Lewis is  
heartily welcomed by her many  
friends in the district.

D. B. Vanhorn returned Saturday  
from a week spent in Calgary. Be-  
sides attending the horse fair "Van"  
bought and sold a bunch of horses  
and made it quite a profitable week.

Mr. J. G. Clark, of Irma, the man  
who was made famous by trying  
P. Mike Sifton for a fall in the eye  
of vision in Vermilion, immediately  
following his call to office, spent two  
or three days in Clareholm riding  
his week ending up the same for his  
party. The leading Conservatives  
are quietly going around the pro-  
vince seeking information and get-  
ting the forces in line for a more  
aggressive fight than has previously  
been put on. Mr. Clark is one of the  
first of men and one has only to  
know him to like him. He is not  
making much noise on his trip but it  
can be safely said that he is picking  
up all that is to be known of con-  
ditions here. He found both parties  
asleep at the switch so far as or-  
ganization is concerned.

Not in many a moon have the  
people of Clareholm been favored  
with such an entertaining program  
as that presented by the Toronto  
Ladies' Quartette on Monday night.  
The ladies were certainly worthy of  
a better house and should they return  
in the autumn there is no doubt but  
a bumper turnout would greet them.  
They gave a program which for  
general excellence would be hard to  
beat. It is an all star cast as the  
theatrical critics say and the greatest  
compliment was the fact that every  
number resulted in a recall. Miss  
Florence MacKay the pianist is not  
much more than a girl yet and she  
flourished the keys with the fluency of  
a much more experienced player.  
She is certainly an artist. Miss  
Nellie Corbett, soprano soloist, pos-  
sesses a voice of rare power, in fact  
her singing was a delightful treat  
and nothing but golden moments.  
Miss Corbett is one of the best  
vocalists ever heard here. She ranks  
high in the musical world. Her  
charming and her handling of the  
voice was a revelation. She is a  
finished violinist and received a wel-  
come which must have been gratify-  
ing. The success of the program was  
supplied by Miss Elsie Dixon Craig  
and there is no discounting the fact  
that Elsie is a peach. She is a gifted  
entertainer and has the versatility to  
provide a whole programme herself  
and would tire no one. A most  
charming quartette of entertainers  
could not be desired and the decision  
as to which was the best and which  
would likely be decided by the  
preference of the individual for vocal  
or instrumental selections. The  
ladies were well pleased with their  
reception here and will doubtless  
return again.

Clean up your yards and lanes.  
The health committee will summon  
all offenders after May 4th, irrespec-  
tive of breed, nationality or color.  
This is not a joke.

Price and Walls this week bought  
three hundred head of cattle from  
Mr. C. Leeds. It is understood that  
they are negotiating to turn them  
over at once.

Miss Crummy returned Saturday  
night from Edmonton where she  
attended the big convention of  
teachers. It was the best yet.

At the Knights of Pythias lodge  
meeting Wednesday night, Mr. J. S.  
Rook was presented with a handsome  
bleuet jar as token of congratula-  
tions on his marriage. Mr. Rook  
made suitable acknowledgment.

Mr. John T. North has returned  
from Nova Scotia and other eastern  
points where he was pushing the  
interests of the Parkland townsite.  
He says that the whole talk in the  
east is about the west and there will  
not only be a big exodus but also a  
large amount of capital investment.

The management will pay twenty  
five cents each for three or four  
copies of the Clareholm Review of  
Thursday, April 18th 1911. Anyone  
who has a copy of that issue and can  
accommodate the Review by return-  
ing it will confer a favor.

The Epworth League of the Meth-  
odist Church held a literary evening  
Monday and the young men put on  
a first class fare of home entertain-  
ment. It is stated on good authority  
that George Deveraux made a blushing  
bride. The boys also served  
refreshments.

Miss Mable Anderson a pupil of  
W. G. Moffatt, won the gold medal  
against all competitors at the South-  
ern Alberta musical festival at High  
River on Wednesday. She carried  
off the honors easily. Mr. S. O.  
Byran the only other Clareholm  
competitor lost the honors in the  
tenor solo competition by one point.  
Misses Lashbrook and Brown were  
attendants at the festival. High  
River had the only chorus.

One of Colin Tiltson's teams ran  
away Monday and nagle things lively  
on Highway street. Fortunately there  
were no teams on the streets at the  
time the scamp taking place early  
in the morning. Passing W. D.  
Annable's store the wagon ripped out  
five hitching posts, helping out the  
councilors who are in favor of abol-  
ishing the posts, and on reaching  
Clark's corner they turned down  
Third Avenue and ran into a buggy  
standing in front of the Palace hotel  
stable. One of the team recently  
gave birth to a colt and it is sup-  
posed that motherly yearning for  
her young was the direct cause of the  
speedy dash for the barn.

## Well Kicked Sir

With the decline of semi-profes-  
sional baseball the footballers bid  
fair to have a chance to get into the  
limelight this year and at a well  
attended meeting in C. W. James'  
office on Friday last organization was  
effected for the year. J. R. Watt  
presided and amongst those present  
were C. W. James, Rev. Mr. Wilkin-  
son, W. G. N. Johnston, G. H. Pol-  
lar, J. R. Sutherland, Ole Thompson,  
Mr. Bowman, H. P. Robinson, E. W.  
Griffiths, C. Todd, W. Lindemilch,  
O. Harborthorn, G. Devereux, Charlie  
Holmes, H. Rowan, S. O. Byran, and  
W. G. Moffatt. On motion of  
Messrs. Griffiths and Todd, Mr.  
James was elected president. The  
other officers are Sec. Treas. C. H.  
Holmes, Captain S. O. Byran, Vice-  
Captain and trainer, H. Rowan. The  
following were added to the execu-  
tive, Messrs. W. G. Moffatt, W. Lin-  
demilch and H. P. Robinson. Mes-  
sieur was selected as the club colors.  
This was fixed at one dollar with  
power to buy in the event of de-  
ficiency. The secretary was in-  
structed to write to towns along the  
line between Okotoks and Macleod  
with a view to forming a league.  
Tuesday and Thursday will be  
practice nights. The presence of Rev.  
Mr. Wilkinson was much appreciated.  
He was captain of the crack Toronto  
Varsity eleven and is also a skilled  
cricketer.

The first practice was held on  
Tuesday night and there were over  
twenty on the field. The prospects  
for a winning eleven are more than  
encouraging. Games are already ar-  
ranged for with Calgary.

## Chapter 32

ORDE was fighting for his very life. The notes given by Newmark & Orde would come due beginning the following summer. Before that time Orde must be able to meet them personally or the stock in the Boom company would be turned in to the firm. This would of course spell nearly a total loss of his share as far as Orde was concerned.

The chief anxiety under which the riverman labored, however, was the imminent prospect of losing under the mortgage all the northern pebbles timber. Now, as the time approached, he realized that if he could not pay the notes the first would certainly be unable to do so. With the second mortgage due two years later and to be met by Newmark, with the corresponding obligations, with the new enterprise of the ranch owned under Duncan McLeod, Newmark & Orde would be unable to raise anything like the necessary amount. He felt that the woods were with unparalleled force. A sale of the 40,000,000 feet remaining of the timber would bring in, together with the tolls to be collected for driving the river that spring, would bring in under twenty-five per cent of its worth. To cut 40,000,000 feet, even in these latter days of improvement, would be to take away the timber's utmost very resource of energy and organization.

Sometimes Orde accomplished the work. He lived constantly in the woods. The thought that the work of the banking, under his aggressive, brutal personality kept the railways free from congestion. When the drive started the ore was hauled for miles along the stream, 40,000,000 feet of it.

The strain over Orde forced the task of driving the timber. From night, through the day, the riverman, the lawyer confessed.

rest followed by continued heavy rain was responsible for the increased water. The evening papers mentioned the only identity. Their columns were filled with an account of the big log jam that had formed above the iron bridge. The missing mulls booms had given 75 under pressure, and the contents had piled down.

Orde said that night at the boom. The water for mulls had crept on to the pile that there began to be danger that it would overflow their place. The water, however, the logs in the booms would also run out.

## Cold Upsets the Kidneys

And uric Acid Poisons Bring Pains and Aches to Back and Limbs.

**DR. CHASE'S KIDNEY-LIVER PILLS**

You feel pains in the back, find that urine is cloudy and that you have indigestion and irregularity of the bowels and there may be rheumatism of the joints.

You wonder what has gone wrong with you. You recall that you have been exposed to sudden changes of temperature, that you have taken a draft or passing from a very warm room to be chilled by the outdoor air.

The kidneys are most susceptible to cold. To them it is a deadly blow. To them it is a deadly blow. To them it is a deadly blow.

Every day you put off treatment. You are taking the risk of developing Bright's disease, dropsy or rheumatism. The kidneys are the most important of the organs of the body.

Dr. Chase's Kidney-Liver Pills will cure you. One pill a day; 25 cents a box. Get it from your druggist or from Dr. Chase, 100 N. 3rd St., St. Paul, Minn.

What's the difference between a haunted house and a handsome man? The first one scares you and the other one seduces you.

"Give it up," he murmured, groaning. "I won't. I can't let a handsome man go. I won't. I can't let a handsome man go."

"What do you charge for your rooms?" "Five dollars up." "I'm a student." "No, sir. I'm a student."

### Be Careful In Building That Home

POOR LUMBER means a cold crude house. After the first year it gets that cheap, shabby look which makes it difficult to rent and difficult to sell. If you are building it to live in you want it a home that you will be proud to show your friends, and furthermore, you will want to avoid the big fuel bills always necessary where low grade lumber is used. We make a specialty of high-grade lumber and "class" material that you will want to use. We have built up the largest retail business in Western Canada by being very fussy as to grades and selling just a little bit better stuff than you can generally buy elsewhere at prices as low as those asked for the inferior kinds.

If your contractor uses CROWN LUMBER it means that he is a man who wants the best of everything. It is the best recommendation the man could have!
